FEUTURE

After a busy summer, Autumn is upon us. Memories of June in downtown Detroit and upstate Michigan are long gone... July brought the opening of our third Professional Artists Pop Up in Castle Douglas, showcasing 24 artists and makers alongside a tattooist, creative hairdresser and healer.

A summer of mentoring continued with four textile graduates looking for inspiration... Georgina Hickey, Kirsten Gair, Jessica Lees and Rosie Reid all benefited from advice and hands on help at my studio and pop up shops.

And our established pop ups at Kirkcudbright and Gatehouse of Fleet, continued to thrive during Galloway's busy summer season.
